FIM Anti-doping Controls

FIM Speedway Grand Prix World Championship

Anti-Doping Rule Violation - Rider Darcy Ward provisionally suspended

The Fédération Internationale de Motocyclisme (FIM) has advised SGP rider Darcy Ward that he is provisionally suspended (with effect from 28 August) pursuant to Article 7.5 of the FIM Anti-doping Code.

The decision to provisionally suspend Darcy Ward was taken following the receipt of a report from the FIM Track Racing Commission indicating that the result of an anti-doping control (alcohol test conducted by analysis of breath) carried out by the FIM on the rider at the Grand Prix of Latvia, round of the FIM Speedway Grand Prix World Championship held at Daugavpils on 17 August 2014, revealed the presence of alcohol above the threshold of 0.10g/L as fixed under the FIM Anti-doping Code.

In accordance with Article 8.1.1 of the FIM Anti-doping Code and Article 3.3.2 of the FIM Disciplinary and Arbitration Code, the case will be referred to the FIM International Disciplinary Court (CDI) which will adjudicate on the merits of the case.

For the duration of his Provisional Suspension, Mr Darcy Ward is barred from participating in any competition.

Under the World Anti-Doping Code and the FIM Anti-Doping Code, the FIM is unable to provide any additional information at this time.

.....
About the FIM (www.fim-live.com)

The FIM (Fédération Internationale de Motocyclisme) founded in 1904, is the governing body for motorcycle sport and the global advocate for motorcycling. The FIM is an independent association formed by 111 National Federations throughout the world. It is recognised as the sole competent authority in motorcycle sport by the International Olympic Committee (IOC). Among its 50 FIM World Championships the main events are MotoGP, Superbike, Endurance, Motocross, Supercross, Trial, Enduro, Cross-Country Rallies and Speedway. Furthermore, the FIM is also active and involved in the following areas: public affairs, road safety, touring and protection of the environment. The FIM was the first international sports federation to impose an Environmental Code in 1994.
